GLOBAL VILLAGE

GlobalFax Fax Software

iMac and G3 Internal Modems

Specially Designed and Optimized for the New iMac™ and G3™ Computers!

Award-winning GlobalFax™ software

The critic's choice. Send, receive, view, print and manage faxes right from your Macintosh®. Features designed with mobile users in mind including multiple dialing locations, advanced calling card dialing and more.

Setup Helper **EXCLUSIVE!**

On-screen assistant guides you quickly step-by-step through setup of your GlobalFax software.

Faxing as easy as printing

Just hold down the Option key and the File menu Print command becomes a Fax command—in any application.

Versatile address books

All your contact names and numbers—including phone, fax, data lines, e-mail and street addresses—in one convenient, integrated directory. It's a complete personal information manager.

On-screen status display **EXCLUSIVE!**

Monitor fax connection status and performance information conveniently—in any application.
