Press the TrackPoint cap or move across the touch pad in the direction you want to move the pointer. The left and right buttons below the space bar and touch pad function like mouse buttons. Some models may have only a TrackPoint.
**ThinkVantage Technologies**

Pressing the ThinkVantage button on your keyboard opens the ThinkVantage Productivity Center. To learn more about ThinkVantage technologies and other items, select a topic in "Help and support" from the Productivity Center, and type a word in the keyword search field.

**Productivity Center**
Productivity Center guides you to a host of information and tools to help you set up, understand, maintain, and enhance your ThinkPad computer.

**Access Connections**
Access Connections allows you to seamlessly switch between wired and wireless environments while automatically managing security settings, printers, home page and other location-specific settings.

**Client Security Solution**
This unique hardware-software combination helps protect your data, including vital security information like passwords, encryption keys and electronic credentials, while helping to guard against unauthorized access to data.

**Rescue and Recovery**
Rescue and Recovery includes a set of recovery tools to help you diagnose, get help and recover from system crashes quickly, even if the primary operating system will not boot and you are unable to contact your support team.

**System Migration Assistant**
System Migration Assistant helps get you up and running by quickly and accurately migrating your data and settings to your new computer.

**System Update**
System Update downloads new Lenovo software, drivers and BIOS available for your ThinkPad computer.

To learn more, press the ThinkVantage button:
